7/23/03 R02-01-011 Order Instituting Rulemaking regarding the implementation of the suspension of direct access pursuant to Assembly Bill 1X and Decision 01-09-060.

Summary: ***THIS IS AN AUGMENTED NOTICE OF AN EX PARTE COMMUNICATION THAT WAS FILED ON JULY 8, 2003 AND APPEARED IN THE CALENDAR OF JULY 15, 2003.*** On July 2, 2003, Jason Reiger, staff counsel, Office of Ratepayer Advocates (ORA), met with Cmmr. Kennedy in an all-party meeting San Francisco. Also present were Cmmr. Brown, Brian Prusnek and Ross LaJeunesse, advisors to Cmmr. Kennedy, David Gamson and Peter Hanson, advisors to Cmmr. Brown, Robert Kinoshian, advisor to Cmmr. Lynch, Manuel Ramirez, advisor to Cmmr. Wood, and other attendees listed on the attachment to the notice. Reiger stated its views that no clear linkage has been established between any load forecasts provided to the Department of Water Resources and the actual contracts signed, and that given the use of public policy in exempting different types of self-generation projects from various components of the Cost Responsibility Surcharge (CRS), the Commission should examine whether or not limited exemptions from CRS for types of departing municipal load would support the Commission's overall policy goals.

7/23/03 A02-03-047 Southern California Gas Company and San Diego Gas and Electric Company, for Authority to Continue Funding of LEV Programs.

 A02-03-048 Southern California Edison Company, to Extend the Operation of its Electric Vehicle Adjustment Clause Mechanism and Related Accounts until the date of the Commission's Final Decision in Edison's Test Year 2003 General Rate Case Proceeding.

 A02-03-049 Pacific Gas and Electric Company (U 39-E), for Review of and Authorization for Recovery of Costs relating to its Low Emission Vehicle (LEV) Program for 2002 through 2005.

Summary: On July 18, 2003, Erik Jacobson, Chief of Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Brian Prusnek, advisor to Cmmr. Kennedy, in San Francisco. Also present were Norm Stone, Manager of Customer Energy Management, and Gail Slocum, Attorney, for PG&E. Written material (attached to the notice) was used. Jacobson stated that an alternate should be prepared that

provides full funding for PG&E's Low Emission Vehicle (LEV) program. Jacobson also stated that it would be appropriate for the Commission to consider future LEV program cost recovery in general rate cases rather than in separate LEV proceeding. Slocum explained that the Southern California Generating Coalition's opposition was driven by their objective to shift LEV program costs away from their clients and to remaining ratepayers, and the Western States' Petroleum Association's opposition was driven by their financial interests in protecting the market position of the petroleum industry. Stone explained the nature of the INEEL demonstration project and its benefits to ratepayers.

Summary: On July 18, 2003, Judy Peck, Regulatory Relations Manager for Sempra Energy Utilities (SEU), met with Brian Prusnek, advisor to Cmmr. Kennedy, in San Francisco. Also present were Aaron Johnson, advisor to Cmmr. Lynch, and Geoff Ayres, Director of Commercial and Industrial Markets for SEU. Ayres reviewed the history of the Natural Gas Vehicle (NGV) programs and noted that the level of funding has been reduced since these programs first began, and the funding requested in this application is needed to continue the basic utility services of providing safe, reliable and efficient gas service to NGV. Peck referenced D95-11-035 and explained that while that decision disallowed a great deal of funding, it found the programs to be reasonable and in compliance with the Commission's guidelines. Peck requested that an alternate decision be drafted to continue these important utility services, consistent with D95-11-035.

Also present were Peter Hanson and Belinda Gatti, advisors to Cmmr. Brown, and Carol Ann Rogers, of Napa Valley Balloons Aloft. Gresham and Rogers discussed the inability of California's hot air balloon providers to obtain insurance meeting requirements of GO 120-C, the efforts made by balloon companies to find insurance, and the need for continuing the interim relief approved by Commission until a long-term resolution of the problem is developed.

Summary: On July 21, 2003, Carol Dumond, counsel for the Office of Ratepayer Advocates (ORA), met with Kevin P. Coughlan, advisor to Pres. Peevey, and Cmmr. Wood in two separate meetings in San Francisco. At the meeting with Cmmr. Wood also present was Jonathan Lakritz, advisor to Cmmr. Wood. Ray Charvez of ORA's Water and Natural Gas Branch participated in both meetings. ORA representatives stated that ORA supports the motion of Intervenors to suspend the proceeding. Dumond noted that, in the merger case, California-American Water Company (Cal-Am) represented to the Commission that the merger would result in synergy savings, that 100% of those savings would accrue to the ratepayers, and that they would be immediate. Charvez noted the company will see approximately \$41.9 million per year in such savings, but that the current proceeding does not allocate those savings to the ratepayers. Charvez explained that, therefore, if the merger synergies are not considered in this ratemaking, the company will get the benefit of the \$41.9 in savings per year, while the ratepayers will not see any benefits for another three years. ORA representatives asserted that, because the representations to the Commission had been made on the record, any reconciliation by the company of its merger representations and its proposals in this proceeding should be made on the record as well.
